Data Collect Rules

Instructional Course

If you are part of the Data Collect Group, you have been given permissions to process entries in Banner Finance, which can include campus services, such as equipment usage, copy & printing charges or parking fees.

Group members must adhere to specific rules and are responsible for following this list of procedures.

Having valid authorization is the main rule!

You must have approval from either the Financial Manager or an Authorized Signer for each index being charged.

B

Verify the approval is valid using Banner form FTIFATA.

Click the Filter Again button and follow the same steps to
 verify the authorized individuals on the remaining
 transactions in your batch.

Please be conscientious about this as processing unauthorized entries could lead to revoking your data collect permissions.

Once all authorizations are verified accurately, you can proceed with entering the transactions into Banner – see the following instructions.

On the main Banner menu (Welcome screen), type FGAJVCD or FGAJVCQ to access the Journal Voucher Entry or Journal Voucher Quick form.

Fill in the PDF batch header when the batch is complete and email it to <u>inctr@lehigh.edu</u> with the subject "Batch Header"

For auditing purposes, you are responsible for retaining & safeguarding all transaction detail support documentation in your office for a period of 7 years.

Please file your entries by batch number for ease in finding the information.

You should complete your batch the same day it's started. If you need to leave a batch open for any reason, please email Faye Kraft (fek218) with your batch # so she is aware.

All current month transactions must be posted by 5:00pm on the last business day of the month – you'll receive an email reminder each month about this deadline.

FAQs – Frequently Asked Questions

How do I change the document total on an existing batch? In the TOOLS menu located on the blue bar, click on Header Information under the OPTIONS section.

How do I get to the batch summary?

In the RELATED menu located on the blue bar, click on Access Transaction Summary Info.

What if I get an error message "Total amount of all transactions must equal document total"?

This means that the individual entries do not add up to the total you entered on the header screen.

You could have missed entering a transaction, entered a wrong dollar amount or your document total could be wrong. Go to the batch summary, review your entries and go back to the transaction to make any necessary adjustments.

FAQs – Frequently Asked Questions (continued)

Who can I contact regarding any Data Collect question that I may have? Call or email Faye Kraft at 8-4633 or fek218, or Janice P. at 8-4549 or jap409

What do I do if Banner locks up while entering data?

Sometimes you need to completely close Banner. The only data that might be lost is the current record that you were working on. Click on the X in the upper left hand corner on the blue bar. Then, click on the Lock Icon on the left side gray menu. You might receive the message: Are you sure you want to exit this Banner session? Answer Yes. It is possible that you might be sent back to the web page without getting any message.

If that doesn't work, click the X on the web page tab to close it. Then, you can re-open Banner and log in again to start over.

What if I need to delete an entry/record?

Press the Down or Up Arrow on your keyboard until you see the record you need to remove. Click the Delete button at the top right of the Journal Voucher Detail section of the screen. You can now complete your batch.

FAQs – Frequently Asked Questions (continued)

What if I need to delete a batch or I forgot to write down my Document Number?

Call or email Faye Kraft at 8-4633 or fek218, or Janice P. at 8-4549 or jap409

What if I can't finish a batch and need to come back to it later? To leave a batch in process, click the In Process box under the Completion section of the screen. Click on the X at the beginning of the blue bar which will take you back to the Welcome Menu.

To return to the batch, type FGAJVCD and on the next screen, <u>you must enter</u> <u>your document number, you must include the "J"</u>. Click the Down Arrow & the Transaction date and Document Total will be filled in already with your information. If you need to change the document total, you can do it at this time. Click Go to get to your first record. You can now go through each record by using the down arrow key on your keyboard. Make any corrections and continue entering additional records. Complete the batch as normal.

What if I need to adjust an entry/record?

Press the Down or Up Arrow on your keyboard until you see the record you need to adjust.

If you need to fix the Index number, it's best to click on that number and press the Delete key on your keyboard for the Index, Fund, Orgn, Acct & Prog fields. Then click back in the Index field and enter the correct number – Banner will fill in the rest of the necessary information in the column.

If you need to fix the Acct number, Amount, Debit/Credit or Description, click on the corresponding field and enter the correct information.

Then, click the SAVE button in the bottom right corner and click the Complete button to finish your batch.

If you have any other questions, please email the Controller's Office at <u>inctr@lehigh.edu</u>.
