April 2006

Dear Life Income Participant:

Enclosed is your copy of the 2005 Annual Report of Lehigh University's Planning Giving Program. This report provides financial and other information about each of our Life Income Funds, the Gift Annuity Program, and the University's Planned Giving Program.

2006 Income Payouts - Our pooled income participants, with the exception of our Balanced Pooled Income Fund participants, will see no change to their 2006 estimated quarterly payments. Balanced Pooled Income participants will see a slight increase in their estimated quarterly income payout. As in the past, the amount of the fifth check will be dependent upon income levels achieved during the year. Persons receiving gift annuity distributions will see no change in their monthly payment.

This year, Lehigh's life income beneficiary payments and asset growth again reached record levels of over \$3 million and \$70 million, respectively. Our Deferred Giving Program continues to be blessed with loyal alumni and friends like you, who understand the unique way this program strengthens Lehigh's endowment fund and the University's educational programs. Your continued support, guidance and commitment are truly appreciated.

As always, if you have any questions about the report, please feel free to contact me at (800) 523-0565.

Sincerely,

David L. Hammer
Assistant Treasurer

Gift Annuity Program

Lehigh University offers both current and deferred payment annuities. A person who enters into a gift annuity agreement with Lehigh is actually doing two things - making a gift to Lehigh and purchasing a fixed income for life. In the case of a deferred payment annuity the person agrees to wait one or more years before life income payments start - in return for a somewhat higher rate of return than the immediate annuity offers.

Lehigh bases its Gift Annuity Rates on those established by the American Council on Gift Annuities, a national organization of more than 1,200 charities which issue gift annuities. The Council reviews rates periodically, at which time rates may be changed for new gift annuities. Sample current one-life rates as of July 2005 are as follows:

<u>AGE</u>	<u>RATE</u>	<u>AGE</u>	<u>RATE</u>
55	5.5%	75	7.1%
56	5.6%	76	7.2%
57	5.6%	77	7.4%
58	5.7%	78	7.6%
59	5.7%	79	7.8%
60	5.7%	80	8.0%
61	5.8%	81	8.3%
62	5.9%	82	8.5%
63	5.9%	83	8.8%
64	6.0%	84	9.2%
65	6.0%	85	9.5%
66	6.1%	86	9.9%
67	6.2%	87	10.2%
68	6.3%	88	10.6%
69	6.4%	89	11.0%
70	6.5%	90 and over	11.3%
71	6.6%		
72	6.7%		
73	6.8%		
74	6.9%		

The annuity rates are less than those offered by insurance companies, but donors have the satisfaction of obtaining a charitable tax deduction for part of the value of the gift, as well as doing something of lasting benefit for the University.

The rates have been computed to produce a "residuum", or gift to Lehigh at the expiration of the agreement, which is on average 50% of the amount of the initial contribution. The rates are based on actuarial studies of mortality experience among gift annuitant lives and consideration for the income rate expected from the invested reserve funds.

Beneficiaries receive monthly annuity payments for life according to the terms of a simple contract. These payments are fixed and guaranteed by the revenues and assets of the University.

Description of Reserve

Gifts to the annuity program are invested in Lehigh's Endowment Fund, except for a few very large annuities, which have been reinsured with commercial insurance companies. The assets held generate income to distribute to beneficiaries and provide a reserve of capital, if needed, to make up the difference between the income earned and the required distributions. Upon the termination of the life interests covered by a given contract, a proportionate share of the entire reserve is applied to the purpose outlined in the original gift annuity agreement.

At June 30 each year Lehigh performs an internal review of our Gift Annuity reserve compared to the total reserve assets to the present value of the reserve's liabilities. Our reserve assets again at June 30, 2005 are well in excess of the present value of its liabilities.

Income earned is reinvested until it is needed for distribution to beneficiaries.

If earnings are not sufficient to cover distributions, principal is divested.

Pooled Life Income Funds

Lehigh University's Pooled Life Income Funds operate in much the same way as a mutual fund. Gifts to each fund are pooled and invested with other gifts to that fund. Income earned by the fund is distributed to all participants on a quarterly basis. A fifth and final check is mailed to participants before the end of January each year to distribute the prior year's remaining income.

Lehigh is responsible for the investment management of its Pooled Income Funds and State Street Bank & Trust is currently contracted to administer these funds. Summary Reports of each fund follow:

Description of Investments

Investment fund selection is made in order to achieve the specific investment objective of each pooled fund. The following is a brief description of the individual funds in which the Pooled Life Income Funds were invested during the year:

Vanguard High Yield Corporate Fund

Seeks to earn a high level of interest income. The fund's assets are composed of high yield corporate bonds, which pay high interest rates. The investment advisor seeks to reduce risk somewhat through solid credit research and broad diversification across companies and industries and by emphasizing high-yield bonds with relatively stronger credit ratings.

Vanguard Wellington Fund

Seeks to provide both income and long-term growth of capital without undue risk of capital appreciation. The fund's assets are composed of a mix of common stocks (65%) and fixed income securities (35%).

Vanguard Wellesley Income Fund

Seeks to provide a high level of income, long-term growth of income and moderate long-term growth of capital. The fund's assets are composed of 60-65% high-quality long-term and intermediate term bonds, with the remainder in dividend-paying stocks.

State Street Bank and Trust Company

State Street Bank and Trust Company, founded in 1792, is the largest custodian of financial assets in the world. State Street Bank is also one of the largest trustees of Charitable Gift Trusts in the nation. Among the funds administered by State Street are pooled income funds for the following institutions:

Dartmouth College
